ARCHITECTURAL TIMBER SYSTEMS

WOODINEX

RETAINING WALLS

PRODUCT FACT SHEET

The unique and interchangeable profiles of the Woodinex retaining wall enable creative and custom designs. Combined with the finishing and coating options add style and colour that will set your project apart.

FEATURES + BENEFITS

- Grooved profile creates shadow lines
- Available in multiple sizes
- Variation in design
- Sourced from Australian Timber
- Available in Pine and Hardwood (see below matrix)
- Timber is preservative treated with either CCA or non-arsenic treatments
- Pre-finished option available
- Engineering not required up to 1m high wall
- Available in both smooth and rough-sawn finish

IDEAL USES

- Residential retaining walls
- Timber fins
